| <input checked="" type="checkbox"/> Ground water supply | <input checked="" type="checkbox"/> Prevention of pollution | <input checked="" type="checkbox"/> Protect. of Wildlife Habitat |

Total Filing Fee Submitted \$ 500.00 State Share \$ 237.50 City/Town Share \$ 262.50

Total Refund Due \$ _____ City/Town Portion \$ _____ State Portion \$ _____

Therefore, the Seekonk Conservation Commission hereby finds that the following conditions are necessary, in accordance with the Performance Standards set forth in the regulations, to protect those interests checked above. The Seekonk Conservation Commission orders that all work shall be performed in accordance with said conditions and with the Notice of Intent referenced above. To the extent that the following conditions modify or differ from the plans, specifications or other proposals submitted with the Notice of Intent, the conditions shall control.

General Conditions

1. Failure to comply with all conditions stated herein, and with all related statutes and other regulatory measures, shall be deemed cause to revoke or modify this Order.
2. The Order does not grant any property rights or any exclusive privileges; it does not authorize any injury to private property or invasion of private rights.
3. This Order does not relieve the permittee or any other person of the necessity of complying with all other applicable federal, state or local statutes, ordinances, by-laws or regulations.
4. The work authorized hereunder **shall be completed within three years** from the date of this Order unless either of the following apply:
 - (a) the work is a maintenance dredging project as provided for in the Act;
 - or
 - (b) the time for completion has been extended to a specified date more than three years, but less than five years, from the date of issuance and both that date and the special circumstances warranting the extended time period are set forth in this Order.
5. This Order may be extended by the issuing authority for one or more periods of up to three years each upon application to the issuing authority at least 30 days prior to the expiration date of the Order.
6. Any fill used in connection with this project shall be clean fill, containing no trash, refuse, rubbish, or debris, including but not limited to lumber, bricks, plaster, wire, lath, paper, cardboard, pipe, tires, ashes, refrigerators, motor vehicles or parts of any of the foregoing.
7. No work shall be undertaken until all administrative appeal periods from this Order have elapsed or, if such an appeal has been filed, until all proceedings before the Department have been completed.
8. **No work shall be undertaken until the Final Order has been recorded** in the Registry of Deeds or the Land Court for the district in which the land is located, within the chain of title of the affected property. In the case of recorded land, the Final Order shall also be noted in the Registry's Grantor Index under the name of the owner of the land upon which the proposed work is to be done. In the case of registered land, the Final Order shall also be noted on the Land Court Certificate of Title of the owner of the land upon which the proposed work is done. The recording information shall be submitted to the Seekonk Conservation Commission on the form at the end of this Order prior to the commencement of the work.
9. No work shall begin until the erosion control measures have been installed according to the approved plans. Failure to do so may result in penalties, fines, and revoking of the Final Order.
10. A sign shall be displayed at the site not less than two square feet or more than three square feet in the size bearing the words, "Massachusetts Department of Environmental Protection, File Number SE 69-621".

11. Where the Department of Environmental Protection is requested to make a determination and to issue a Superseding Order, the Conservation Commission shall be a party to all agency proceedings and hearings before the Department.
12. Upon completion of the work described herein, the applicant shall forthwith request in writing that a Certificate of Compliance be issued stating that the work has been satisfactorily completed.
13. The work shall conform to the following plans:

**Plans: Sewage Disposal System prepared for: Diane L. Garceau, Plat 24 – Lot 670,
240 Walker Street, Seekonk, Massachusetts**

Total	Dated	Signed and Stamped by:	On file with:
<u>(1)</u>	<u>12/16/10</u>	<u>Allan L. Shear, Caputo & Wick LTD.</u>	<u>Seekonk Conservation Commission & DEP</u>

Special Conditions: (Use additional paper if necessary)

1. Maintain all wetland flags demarking environmentally sensitive areas throughout the construction process.
2. A boulder wall must be constructed prior to the beginning of the construction process.
3. Hay bales along the wetland resource area boundary must be maintained throughout the construction process.
4. Split rail fence shall be installed prior to obtaining Certificate of Compliance.
5. Upon completion of construction of the house and grading, the applicant shall submit the following to the Conservation Commission to request a Certificate of Compliance (COC) **PRIOR TO OBTAINING A CERTIFICATE OF OCCUPANCY FROM THE BUILDING COMMISSIONER:**
 - (a) A Completed Request for a Certificate of Compliance form (WPA Form 8A) and check for \$35.00 made payable to the Town of Seekonk.
 - (b) A letter from a Massachusetts Registered Professional Engineer certifying compliance of the property with this Order of Conditions, and detailing any deviations that exist, and their potential effect on the project. A statement that the work is in "substantial compliance" with no detailing of the deviations shall not be accepted.
 - (c) An "As-Built" plan signed and stamped by a Registered Professional Engineer or Land Surveyor showing post-construction conditions. The plan shall be a 1"=30' scale. This plan shall include at a minimum:
 - (i) All wetland resource area boundaries with associated buffer zones and regulatory setback areas taken from the plan(s) approved in this Order of Conditions;
 - (ii) Location of house, driveway, septic system, well, boulder wall, split rail fence;
 - (iii) Topography shown in 1-foot contours and spot shot elevations where necessary;
6. Contact the Conservation Agent at 508-336-2944 before the start of construction to inspect the erosion control measures.
