Site Plan for 4/84 Bess Eaton Donuts Seekonk, MA		Caputo & Wick	D.E.Q.E. Conservation Comm.
_____	_____	_____	_____
_____	_____	_____	_____

Special Conditions (Use additional paper if necessary)

1. The two retention ponds should be cleaned periodically to prevent a build-up of oils
2. Anti-silting devices should be placed at elevation 1/4, prior to construction and remain intact until loamed and seeded.
