C. Project Description

1. a. Project Location (use maps and plans to identify the location of the area subject to this request):

Drohan Court	Seekonk
Street Address	City/Town
16	135
Assessors Map/Plat Number	Parcel/Lot Number

- b. Area Description (use additional paper, if necessary):

A small wetland area believed to be Isolated Vegetated Wetland (314 CMR 9.02) is located within southern portions of the subject lot. Topographic survey confirms that the wetland is sloped, such that criteria of Isolated Land Subject to Flooding (310 CMR 10.57) are not met. Two drainage outfalls contribute surface flow to the wetland, and upland soils modified by the drainage are evident. The entire perimeter was studied and encompassed by soil sampling to confirm that no wetland connection existed.

- c. Plan and/or Map Reference(s):

Sewage Disposal System, Robert Drohan, Drohan Court, Seekonk, Massachusetts	October 5, 01
Title	Date
Locus Map. Portion of USGS Providence, RI-MA quadrangle.	1987

2. a. Work Description (use additional paper and/or provide plan(s) of work, if necessary):

Proposed construction of a single-family dwelling and associated sewage disposal system. No wetland resource-area impacts are proposed.

- b. Identify provisions of the Wetlands Protection Act or regulations which may exempt the applicant from having to file a Notice of Intent for all or part of the described work (use additional paper, if necessary).

The Applicant's representative believes that the subject wetlands do not fall under jurisdiction of the Wetlands Protection Act. Project limits will be distanced approximately 60 feet from the field-delineated wetland edge, and perimeter erosion and sedimentation controls will be installed along project limits.
