*Hi, this application is for the planning board vacancy. I have been a lifelong Seekonk Resident (44.5 years) so I am vested in this town. I have owned my own home since I was 18 years old (1997). I'm currently an IT Operations Manager, however in my previous employment, I have many years experience in both designing and installing septic systems (I have done many perc tests with JR! :) ). I also have over 7 years experience in surveying/topographic surveys/boundary surveys/ALTA surveys/subdivisions (both in drafting them and doing the field work). I worked for Geisser Engineering under George Geisser III for over 7 years. I personally completed the fieldwork and drafted almost the entire subdivision plan of Pine Meadow Road (off of Meadow Rd.) in Seekonk. Thank you for your consideration. Respectfully, Ken Klang*
