**Classification Hearing**

**Fiscal Year 2020 Tax Classification Hearing**

Board of Assessors Chairman Paul Buckley and Assessor Theo Gabriel were in attendance. Assessors Jan Parker and Joyce Solomon were also in attendance.

Mr. Buckley stated that this Classification Act requires municipalities to classify real properties into one of four classes - residential, open space, commercial, and industrial. The purpose of this classification hearing is for the Board of Selectmen to determine the percentage share of the tax level each class will pay. The residential factor is used by Assessors to determine the tax levy paid by each class of property and calculate the tax rate. It is the responsibility of the Board of Selectmen to determine the residential factor.

The FY 2020 total residential values increased at 4.77% from last year while commercial values increased by 2.67%. New growth increased 20.48% at \$1,104,262. The average residential single family assessment increased from \$346,200 to \$361,000 or 4.2%.

The Maximum Levy for this year increased 5.65% at \$44,200,000. Current Residential Tax Rate \$13.06, Current Commercial, Industrial Rate \$28.79, and Current Personal Property \$28.73.

The top five taxpayers in FY 2020 are Algonquin Gas P/P Lines - \$1,133,573, RI Seekonk Holdings, LLC \$810,128, Seekonk Square Realty Trust - \$799,625, Seekonk Shop Center Equit - \$700,625, and Scannell Properties #254 LLC - \$551,835.

The maximum commercial, industrial and personal property (CIP) shift for the Town of Seekonk for FY 2020 is 1.7028 or a residential factor of .778502, as defined by the Department of Revenue.

A residential factor of 100 will result in the taxation of all property at the same rate (single tax rate). A residential factor of less than 100 increases the share of the levy raised by commercial, industrial and personal property (CIP) owners and reduces the share paid by the residential property owners (split tax rate).

In fiscal year 2019, the Board of Selectmen chose a Commercial, Industrial and Personal (CIP) property shift of 1.7 or a residential factor of .7775 with the 10% Commercial exemption.

A motion was made by Mr. Zorra, seconded by Mr. Viera, and it was unanimously

### **NEW BUSINESS**

#### **Discussion of Tax Title Properties and Potential Consideration of Tax Title Auction**

At the request of the Board, Mr. Cadime advised he had the Treasurer's Office prepare a list of tax title taken properties the Town received decrees for. The Board had that information. Whenever the Town wants to purchase or sell any type of properties it has to be done under 30B except when under tax title. In that case, a custodian under M.G.L. is appointed and has authority to auction off the properties. At that point, it is up to the tax title custodian to make a determination to auction off or keep the properties. A lot of the property is wetland or landlocked. The question is whether the Board wants to move forward with an auction.

Mr. Viera noted that although property may be landlocked it might be of interest to the abutters.

Mr. Cadime stated that at auction the price would usually start at what is owed. The Department of Revenue would require the town to write off the remainder. The Board would decide whether to take less in order to get rid of these properties.

Mr. Viera felt none of the properties would be beneficial to the town.

Mr. Cadime said the only one might be the Rhode Island Ice and Land Company that is near the Burrs Pond.

Mr. Almeida asked if members who voted to put this up for auction could bid on the property.

Mr. Cadime said that person could abstain from the vote.

Town Treasurer Christine DeFontes said she could check with the tax title.

Mr. Zorra asked about 36 Maple Avenue.

Mr. Cadime said that will not be auctioned off.

Properties to be held: Rhode Island Ice & Land Company and ROC Realty Corp.

### **General Discussion of Fall Town Meeting**

Mr. Viera said it went as good as it could. Not everybody can be happy.

Mr. Sullivan suggested putting big ticket items at the beginning.

Chairman Andrade said that has been discussed before. The problem is people vote and leave. If an item is brought back at the end it might be defeated because those people left early.

Mr. Almeida thanked department heads and residents who attended. Residents voted for every item except the overlay district.

Mr. Zorra added that the cost of the playground was reduced. The Board recommended it to town meeting and it passed.

Mr. Sullivan said it is a privilege for town residents to have the opportunity to decide how money will be spent and allocated.

Mr. Viera noted that the Board was split on some articles. He requested a copy of the decision from the Attorney General allowing certain leverage re: town meeting.

Mr. Cadime said it is a draft ruling that town meeting is exempt from the open meeting law. It is an interpretation of the Attorney General. Therefore, it could change if there is a new attorney general. He will print out a copy.

Mr. Viera said that could be dangerous. A board could vote to go one way and that could be overturned at town meeting.

Mr. Cadime said the Planning Board was not in favor of the article on the overlay district but wanted to allow discussion at town meeting.

Chairman Andrade said the Planning Board's decision was not changed.

Mr. Viera felt individuals clouded the issue even more.

Chapter 30A, Section 21(a)(3) as having discussion in open session could be detrimental to the bargaining position of the town and to consider the approval of executive session minutes of September 18, 2019 and October 2, 2019; not to return to open session.
