## August 2020 Special Edition

### Message from the Director

First off, we miss you and hope you all are staying well and healthy! Secondly, where have the past few months gone? You would think with social distancing and not being able to be at the center, the months would drag. Now, we are in August! We are starting to think of ways to have people return safely to the center. We will certainly let you know when we will be reopening to full capacity. For the time being we have made some modifications. There is much to consider when reopening. Things will be different for some time, but we will make it fun and enjoyable while following guidelines. We are currently open to see clients by appointment only. If you are in need of an appointment, you can call our office and we will schedule you! Starting in August we will be hosting health clinics at our building. Along with this, we will be hosting outdoor activities and gatherings (weather permitting). All clinics and activities will require advanced sign up.

During these months of the quarantine, the staff has been busy behind the scenes. We have called over 3500 seniors in town to check-in. Instead of having office appointments, we have been helping clients over the phone and through email. Seekonk Human Services was lucky enough to receive a large amount of donated masks and gift cards for our seniors and people in need. We have been busy with making sure residents who need assistance have all of the important essentials such as food and medication. Even though we have been closed to the public we have been staying extremely busy. We are looking forward to seeing all of your familiar faces again in the near future! Until then, there are many different trails around town! This is a perfect time to go and explore. If you would like more information regarding the trails, please don't hesitate to reach out.

Best,  
Brittney Faria

### Summer Greetings from the Board of Selectmen

On behalf of the members of the Board, we would like to congratulate David Andrade on his re-election and Adam Petronio on his election to the Board in June. We would also like to thank Nelson Almeida for his dedicated service for the last 7 years. As you know the first half of 2020 has brought unprecedented challenges to our town. We would like to acknowledge the Town Administrator and all of our employees who

have worked tirelessly to ensure the safety of the residents and businesses while doing their best to maintain services. The staff and volunteers at the Senior Center are particularly working hard for you! We truly appreciate your patience as we navigate these uncharted waters over the coming months while we try to safely reopen our town. If you should have any questions or concerns please do not hesitate to contact any member of the Board. Stay safe, stay healthy, and we hope you enjoy your Summer! - Justin Sullivan, Chairman

## What Seekonk Veterans and Their Spouses Need To Know

The Veterans Administration and the Commonwealth of Massachusetts offer a number of benefits to Veterans and surviving spouses. This article is not intended to be a complete list of benefits for which you may be entitled.

Massachusetts Veterans, in general, are eligible for the following benefits:

- Under Chapter 115 of Massachusetts General Laws (M.G.L. ch. 115), the Commonwealth provides a uniform program of financial and medical assistance for indigent Veterans and their dependents. Qualifying Veterans and their dependents receive necessary financial assistance for food, shelter, clothing, housing supplies, and medical care in accordance with a formula, which takes into account the number of dependents and income from all sources. Eligible dependents of deceased Veterans are provided with the same benefits as they would were the veteran still living.
  - Note: Current monthly income limits for Chapter 115 is \$2,126 for single applicants & \$2,873 if married. The liquid asset limit is \$5,000 for single applicants and \$9,800 if married. The stimulus money received for COVID-19 is not included as income or an asset. In this current crisis, if you run out of unemployment benefits, Chapter 115 may well be a viable solution until you are able to get back to work.
- Welcome Home bonus
- Free tuition in all state community colleges, colleges, and universities
- Have the word Veteran printed on their driver's license, this just requires bringing a copy of your DD214 to the RMV when renewing your license.
- Burial in the state Veterans' cemeteries in Agawam or Winchendon or the Bourne National Cemetery and obtain grave markers
- Veterans License Plates
- Certain disabled Veterans and former POWs are eligible for a waiver of fees for motor vehicle registration and sales tax
- Free medical care by the VA for one year immediately upon discharge
- Participate in the VA Loan Guarantee Program to purchase or refinance a home

Contact your VSO for more information. Make sure your will is up to date and that the beneficiaries for any pensions and insurance policies are up to date. Keep in mind, the VA has access to Social Security and IRS records – be truthful at all times.

VA Compensation Claims must be service connected. In other words, the injury/disability must have taken place while on active duty and that the condition has been chronic. A previously existing condition made worse through military service is also valid. There are exceptions such as claims regarding Agent Orange and the contaminated water at Camp Lejeune. As a guardsman or reservist, if the injury happened during a drill weekend, it doesn't count for VA purposes unless you have a Line of Duty (LOD) document.

When a claim is filed, all evidence including private medical records must be included. The VA will obtain your military medical records. If you have received medical care by the VA, note it in the appropriate section of the claim form. The VA will obtain those records as well.

Evidence in support of your claim comes in many forms:

- Veteran statement
- Spouse statement
- Buddy statement (people you served with)
- Internet evidence from .mil or .gov web sites only
- Military service treatment records
- Private medical records (keep in mind, providers are required by law to save the records for only 7 years)

Once your claim has been finalized, you will receive written notification from the VA about their decision and how they made it. If you are dissatisfied with the VA rating decision, you have the right to appeal.

## Veterans Charities - One last important note:

Most charitable organizations that support Veterans are excellent, but many have very high overhead – meaning less money is going to Veterans, and some are downright fraudulent. Shady organizations often solicit donations, supposedly for Veterans, prior to Memorial Day and Veterans Day. However there was recently at least two Seekonk citizens that were called for a donation by a fraudulent organization. It was a political action committee that stated that 100% of the donations were going to Seekonk Veterans. Fortunately they called me before handing a check over to them. Some red flags:

- An organization saying that 100% of donations that are going directly to Veterans or specifically Seekonk Veterans
- An organization asking you to leave a check taped to your door
- An organization with the initials PAC (Political Action Committee)
- An organization that thanks you for your previous donation – when you have no recollection of ever giving to them in the past

If you have any concerns, call or email me before donating. The Massachusetts Veterans Services Officers Association tracks Veterans related charitable organizations. For legal reasons, they don't make their findings public, but I can check with the POC that researches these charities.

Stay safe!

### **Flamingos? In Seekonk?**

Yes, flamingos are coming to Seekonk! Starting July 15, be on the lookout for baby lawn flamingos to start appearing in yards throughout town. The flamingos are part of Seekonk Public Library's Summer Reading Challenge for children in preschool through grade 5. Children who sign up for the program are challenged to read 15 minutes a day and log their reading time online. After they read for 7 hours, they earn a plastic, baby lawn flamingo for their front yard. The children will also be invited to decorate their lawn flamingos to reflect the summer reading theme of imagination. If you know a child in town, encourage them to sign up for the program at [seekonkpl.org/kids](http://seekonkpl.org/kids). Either way, keep an eye out starting July 15 to see how many flamingos start appearing in yards!
